The National Sporting Code of the ACU and these Standing Regulations shall apply to all Trials together with the Supplementary Regulations and any Final Instructions issued for individual events.

DESCRIPTION

A Trial is a test of riding skill and balance over a variety of observed obstacles with riders incurring penalties for footing or for failing to fulfil other conditions.

INFORMATION REGARDING AUTHORISATION AND LAND USE

Most events depend on goodwill from landowners, local authorities, nearby residents and other users of the countryside. For the continuance of orderly motorcycle sport, a Code, formulated by LARA has been adopted by the ACU. The Code for events with no speed element is reproduced below and will supplement the Standing Regulations. It is to be noted that where necessary disciplinary action will be taken if the Code is not fulfilled.

- 1 Any competitive event that is routed along, or across, footpaths or bridleways must be endorsed in advance by the Highways Authority for the area, unless the route of the event is on a highway of higher status.
- 2 The Organiser is responsible for obtaining authority from the landowners over whose the event passes, unless the route of the event is on a highway of higher status.
- 3 Where the event requires use of public highway, organisers must ensure that the Motor Vehicles (Competitions and Trials) Regulations 1969 are strictly adhered to. Events requiring authorisation must obtain this through the RAC Motor Sports Association, Authorisation Dept.
- 4 The Organiser is responsible for ensuring the event meets all requirements of the Road Traffic Act 1988 and the Statutory Instruments made thereunder.
- 5 The regulations, final instructions of an event should display the following sign: "This event is routed along and/or across public rights of way. Competitors must exercise caution and reduce their speed accordingly near other path users. Be especially careful near horses. Slow down, stop and switch off your engine if necessary".
- 6 The Organiser should appoint an officer responsible for event liaison. The Liaison Officer should, if appointed submit his name and address to the local Highway Authority, the Parish Council, the Police and landowners over whose land the event passes. The Liaison Officer will thoroughly investigate any complaints and try to resolve any problems arising from the event.
- 7 Wherever possible the Liaison Officer should maintain good relations with other path users in the area such as horse-riders, walkers, cyclists, recreational motoring groups and orienteers. The Liaison Officer should notify these groups in advance of an event where they are known to him.
- 8 All competitors must follow the Country Code.
- 9 Ensure that all aspects of the ACU Environmental Code are adhered to.

10 **Emergency information**

Supplementary regulations should include either a map reference or a postcode relating to the venue in order to assist the Emergency services.

NB In addition it is recommended that the map reference, farm name, address and postcode should be available at each Section together with the Mobile telephone number of the Secretary of the Meeting. The preferred method is to have this information on a card encased in a plastic wallet on a lanyard. Examples of these are available from ACU Offices.

Dogs

At some venues Dogs may be prohibited. Where they are allowed, they are to be kept under control and owners are responsible for clearing up any fouling which may occur.

TSR1 ELIGIBILITY/LICENCING

All riders and passengers must hold a current ACU/SACU Trials Registration card . Any rider or passenger from another FMN MUST produce a licence issued by their FMN together with start permission and proof of personal accident Insurance.

Where the Trial includes the use of public highways, then this will be stated in the Supplementary Regulations. If public highways are used then it is the sole responsibility of the rider to ensure that their machine is roadworthy and that they and their machine comply with all legal requirements.

RIDERS/MINDERS/ASSISTANTS AGE

- a) **Adult riders:** A rider must be at least 16 years of age to participate as an Adult.
- b) **Sidecar passengers:** In principle a Sidecar passenger must be an Adult however riders may be allowed to compete in Adult events subject to the discretion of the Trials and Enduro Committee.
- c) **Youth Riders:** A rider must be at least 4 years of age to participate on an Electric powered machine and 6 years of age to participate in a trial using a combustion engine machine. After their 16th birthday a rider may compete as an Adult or as an A Class Youth until the end of the calendar year that they reach 17yrs and may alternate (on an event to event basis) between Youth and Adult classes subject to the following:

- whilst riding as an A Class Youth the rider is restricted to machines of an A Class Youth
- whilst riding as an Adult, capacity restrictions do not apply.

Any rider who competes as an Adult in the Championship Class of the Adult British Solo Trials Championship relinquishes the possibility to revert to Youth in the future.

- d) **Minders/Assistants:** In events where Minder/Assistants are allowed, their minimum age must be 18 yrs.

YOUTH AGE GROUPS

 Small Wheel

Wheel sizes

Standard Wheel – 21" Front – 18" Rear

Medium Wheel – 19" Front – 17" Rear

Small Wheel – 16" Front – 14" Rear

The above is based on the wheels of combustion engined machines using motorcycle tyres. If other wheels are used as on current Electric powered machines then the outside diameter (total circumference) of the tyre must not exceed that of the corresponding tyre size

Engine Sizes

Rebores are permitted subject to the resulting engine capacity not exceeding a tolerance of +3cc.

Criteria for riders wishing to ride in any higher class:

- Events below National status – a rider may compete in any class higher than that of his/her age group at the discretion of the organizers.
- National status competitions – a rider may at the discretion of the Trials and Enduro Committee be permitted to ride in the higher class. Written application supported by written approval from the riders Centre must support such a request.

Criteria for riders wishing to ride in any lower class:

- A rider may enter any event in a class below that of his/her age group on a “no award, no points” basis.

In all cases the rider must always comply with the maximum capacity and wheel size for their actual age.

Where third party insurance cover to meet RTA requirements on the Public Highway is offered by the organiser, this will be at a supplementary cost. All riders, passengers and appointed persons responsible for minors, must register arrival at an event by signing-on at the event control office, or other designated area, not less than 30 minutes prior to commencement of the competition.

Riders and Passengers under 18 years of age (Minors): In order to conform with the Children Act legislation, additionally, for every rider or passenger who is under 18 years of age a Parental Agreement must be signed. The Parental Agreement is incorporated in the Annual Competition Licence and Trials Registration form and once completed will serve as the riders Annual Parental Agreement. All minors will be bound by the directions of parent(s), guardian(s) or other appointed adult responsible for them at any event. The following guidelines apply:

Minors Under 14 The Parental Agreement must be signed by a parent or legal guardian who must also be present when the rider competes.

Minors Aged 14 or 15 The Parental Agreement must be signed by a parent or legal guardian who must also be present when the rider competes unless they have specified another responsible adult who may sign for and accompany the rider at events.

Minors Aged 16 or 17 The Parental Agreement must be signed by a parent or legal guardian. There is no requirement for the minor to be accompanied to events by an adult.

Child Protection: The point of contact for Child Protection issues will be the Secretary of the Meeting unless otherwise stated in the Supplementary Regulations.

For "Team Only" competitions any change of an individual entry will be subject to the conditions of the Supplementary Regulations.

TSR7 CHANGE OF MACHINE AND/OR PASSENGER

Any request for change of machine and/or passenger must be made in writing and submitted to the Secretary of the Meeting at least one hour prior to the start of the event. The same machine must be used throughout the event. In the case of a sidecar this is deemed to be an integral part of the machine.

TSR8 MOTORCYCLES

Motorcycles must comply with Appendix D of the National Sporting Code. Prior to the start of each Event all machines shall be examined to ensure that they comply with ACU specifications. When the event uses the public highway it is the sole responsibility of the rider to present a machine complying with all Road Traffic Act(s) requirements Organisers may at their discretion, allow riders to share the same machine in a Closed to Club Trial held on private land.

SOLO: Motorcycles propelled by the action of one wheel in contact with the ground and making only one track on the ground. Machines must have independent brakes on both front and rear wheels.

Brake and Clutch levers. All handlebar levers (clutch, brake etc.) must be in principle ball ended.

These ends must be permanently fixed and form an integral part of the lever

Mudguards must be fit for purpose and corresponding to the original equipment.

Footrests must be of the folding type.

Throttle must be self closing when not held by the hand. The machine may be set with a "tickover".

Wheels If of cast, or fabricated construction (other than conventional spoked wheels) then protection must be provided to the rear wheel by the fitting of 'solid discs' to cover open areas.

Tyres. Only tyres which conform to the following specification may be used. All tyres will be measured mounted on the rim inflated to a pressure of 14 lbs/sq.in, and must have a nominal aspect ratio of 100/100. Overall width (O) measured at wheel spindle height must not exceed 115mm. (Refer to diagram). Tread depth (A) must not exceed 13mm. All tread blocks in the same circumference must be of the same depth. The space between the tread blocks (B) must not exceed 9.5mm across the tyre or 13mm in a circumferential direction (C). The space between the shoulder blocks (D) must not exceed 22mm. The space across the tread (E) must not extend completely across the tyre measured at right angles to the tyre wall unless broken by a block. All main tread blocks must in principle be parallel with or at right angles to the tyre axis. (Tyre must have the same appearance if reversed and conform in principle with these diagrams). The tyre

surface must not be fitted with any subsequently mounted elements such as anti-skid devices, chains, etc. NB: Only tyres available from commercial sources and complying with these dimensions are permitted in competitions. Where the event uses the public highway, tyres must be manufactured to comply with European Tyre & Rim Technical Organisation and have the relevant markings.

Tyres for Long distance Trials Only tyres normally available from commercial or retail sources for use on the public highway (specification as above under "Tyres") are authorised. They shall appear on the tyre manufacturers range catalogue or tyre specification list available to the general public. They must be manufactured to comply with European Tyre and Rim Technical Organisation (ETRTO) requirements in respect of load and speed codes and have a minimum service description of 45M.

The use of MX and Enduro-type tread patterns are not permitted. The space between adjacent tread blocks must in principal not exceed 15mm (distance between tread block corners at diagonal groove intersections may exceed this dimension).

Cutout Device. All combustion engine machines and Electric machines used by Youth competitors must be fitted with an operational lanyard operated cut out device rigidly connected to the rider by a lanyard (max length 1 metre) so as to stop the engine/ motor should the rider and machine be parted. It is recommended that all combustion engine machines used by Adult riders be fitted with a lanyard operated cut out device.

Chainguards must be fitted to all motorcycles as per manufacturer's specification.

Engine Measurement Where it becomes necessary for the ACU or an organiser to verify any fact relating to an engine size, it shall be carried out at the cost of the rider. Where an engine is measured, as the result of a protest, the protest must be submitted with the appropriate fee plus a deposit of £250.00 which can only be returned if the protest is upheld. If the protest is unsuccessful then the deposit will be awarded to the person against whom the protest has been made and the protest fee will be sent to the ACU Benevolent Fund. The Clerk of the Course shall judge as guilty anyone who refuses to present an engine for measurement. A rider whose machine is found to have an engine size not complying with the rules will be disqualified and will be liable to further disciplinary action. If engines are presented for measurement, but this cannot be carried out at the event, the engines must be sealed for later measurement. If seals are damaged or removed the rider will be disqualified and subject to a fine.

TRIALS SIDECAR SPECIFICATION

TSR 9 FUEL

Commercially available unleaded fuel must be used. Power boosters or octane boosters are forbidden. Refuelling must not take place when the engine is still running. Mobile Phones must not be used in refuelling areas.

ENVIRONMENTAL MATS

All machines and generators must stand on an Environmental mat whilst being refuelled.

TSR10 TELEMETRY

The use of Telemetry between the rider/motorcycle and any other person/equipment by radio means is not allowed.

TSR11 RIDING NUMBERS

Riding numbers issued by the organisers, whether card or numbered bibs must be clearly displayed in a legible condition throughout the competition. Riding numbers shall not be defaced in any way and no event sponsors advertising shall be covered. Riding numbers shall be removed at the Finish. Where there are different section routes for different classes of rider, each rider shall be issued with a means of identification to reflect the route the competitor is riding.

Motorcycle helmets Competitors, both riders and Sidecar passengers must wear a correctly fitted

helmet whilst riding a motorcycle or quad. Officials must wear a correctly fitted helmet whilst riding a motorcycle, and it is recommended that they wear a helmet whilst riding a quad.

Jewellery Competitors are advised not to wear hand, face or body jewellery which could prove hazardous in the event of an accident. The mouth should be kept clear of anything likely to cause a blockage of the airway in the event of an accident, e.g. chewing gum.

Youth All Youth competitors must have clothing covering arms and wear gloves covering hands and fingers.

TSR13 PILLION PASSENGERS

The carrying of pillion passengers is not allowed except where provision has been made for this in the Supplementary Regulations.

TSR14 CONTROL OF EXHAUST SOUND LEVEL

The sound level of a Trials machine controlled according to the ACU method and measured at 2 metres distance will not exceed 100 dBA (For precise method of testing, see Sound Control Regulations in this Handbook).

There may be one or more random sound level tests during the event for which the rider will not be allowed to make any adjustments. A rider whose machine exceeds the maximum permitted sound level or does not present his machine in a testable condition will face immediate disqualification and must return to the finish as directed. Additionally, at any time during the event, the Clerk of the Course or the appointed official is empowered to disqualify any machine he considers excessively noisy.

TSR15 START AND FINISH

Prior to Starting, the rider must have signed on, had his/her machine examined and be suitably dressed. All riders, including riders who have retired, must report to the Finish where they may be required to sign off. The method of deciding the starting order will be stated in the Supplementary Regulations or, where applicable, in the appropriate Championship Regulations.

TSR16 TIME

For Trials other than Time and Observation Trials, where full details regarding the calculation of time penalties shall be included in the Supplementary Regulations, the following shall apply; if a time restraint is applied to part or all of the Trial, it shall be in the form of an individual allowance for each rider and the details given in the Supplementary Regulations or Final Instructions. Wherever a Time restraint is applied there must be a Clock showing the Official time visible to all riders at each time control point.

A rider's Time Allowance shall commence from the actual time the rider starts. The location of the final Time Control should be at the last section, or as close as practical. Riders will be penalised one mark per minute or part of that minute up to a maximum of twenty for late starting, and for arriving late at any subsequent Time Control, and thereafter disqualified.

It is recommended that the time limit shall not be extended other than in the case of Force Majeure as determined by the Clerk of the Course.

TSR17 COURSE/ROUTE

The Clerk of the Course must ensure that due consideration is given to the age and abilities of the riders when planning and marking the course and that suitable marking is displayed to guide and restrict any spectators/members of the Public who may attend.

The onus of following the correct route rests entirely with the rider. A rider leaving the course must rejoin it at the same point. When public roads are used to connect areas of private land a map clearly showing their position must be displayed at the Start or in the programme. The onus of finding these areas of private land rests entirely upon the rider and any route marking provided by the organisers

is purely for assistance. The Clerk of the Course reserves the right to modify the route. To qualify as a finisher and be eligible for an award, the rider's machine must have travelled the whole distance under its own power or the exertion of the rider and passenger. Any rider, who on any private land is accompanied by another vehicle unconnected with the event, is liable to disqualification. Any competitor who is, in the opinion of the Clerk of the Course, considered to be riding the course for the benefit of another competitor is liable to disqualification and reporting to the Stewards for further disciplinary action.

If route marking is appropriate it is recommended that discs (square, round, etc – not arrows) are used to signify the direction – red for right, blue for left and white to straight on. It is suggested also that where a red or blue disc is used then following the turn, there should be a white to assure the rider that the correct route has been taken.

TSR18 OBSERVED SECTIONS

The organiser must display which route each class is riding indicating the corresponding colours of the route marking. Details may be displayed at signing on, at the first section or contained in the Final Instructions or programme. Riders in the same class must all start at the same section

It is recommended that routes be marked as follows:

Route A – Principal Route – Blue (left) Red (right)

Route B – Yellow both sides

Route C – White both sides

Any further routes to be marked in a colour chosen by the Organiser

In the above, the letters denote the severity of the sections in descending order ie Route A would be hardest, Route B next hardest and so on.

Routes may be marked in their entirety in the colours shown – or the Organiser may mark appropriate diversions in these colours. Ideally – the coloured section of markers should be in the shape of an arrow – with the point toward the centre of the section

No penalty shall be imposed on a rider who wishes to inspect a section before riding it.

The lateral limits of an Observed Section or Sub Section may be defined by artificial boundaries such as markers or tapes, which shall be firmly placed and positioned in a way so as to clearly define the intended limits of the section. If tapes are to be used they shall always be clear of the ground but not exceed a height of 500mm from the ground.

The Start and Finish of each Observed Section or Sub-Section will be clearly defined, with the Section Begins and Section Ends identified as such.

Sections and Sub-Sections shall be numbered or lettered and ridden in the correct sequence unless otherwise instructed by the organisers.

A rider failing in a Sub-Section must restart in a forward direction from the Sub-Section in which he has failed.

To qualify as a Finisher and be eligible for an award, the competitor must be deemed to have made a bona fide attempt at least 75% of the sections.

TSR19 PUNCHCARDS

If punchcards are used, the onus of looking after these rests entirely on the rider and only the rider/passenger may present the punchcard to the observer. Any disagreement over the score punched, or errors must be reported to the Secretary of the Meeting immediately upon completion of the event. The Observer must be informed that this action is being taken as any error not verified by the Observer shall not be accepted. Refusing to have the card punched, deliberately disfiguring or losing the punch card will result in disqualification for which no protest will be accepted. Any rider who does not return his punchcard to the appointed Official without delay will be classed as retired.

TSR20 OBSERVERS

An Observer is an assistant to the Clerk of the Course appointed to judge a competitor's performance

in an Observed Section. No protest or appeal can be accepted against a judgement of performance made by an Observer, however, a protest may be accepted against any breach, or misinterpretation of the Regulations.

A mistake made by an Observer may be corrected by the Observer with the approval of the Clerk of the Course.

TSR21 INSTRUCTION TO RIDERS

Any instruction to riders not included in the Supplementary Regulations (Final Instructions) must be approved by the permit issuing authority if issued prior to the event, or approved by the Stewards of the meeting if issued at the event.

Subject to being issued in one of the following ways they shall have the same force as these Standing Regulations

- Issued in writing and distributed to each rider
- Issued via a clearly situated notice board
- Via a riders briefing meeting, providing all riders have been informed formally of the venue and time of such a meeting.

TSR22 METHOD OF MARKING

A machine will be deemed to be in an Observed Section or Sub-Section when the front wheel spindle has passed the 'Section Begins' Card and until the front wheel spindle has passed the 'Section Ends' Card. Marks will be lost as follows:

A. STOP PERMITTED

- 0 Clean
- 1 Footing once
- 2 Footing twice
- 3 Footing more than twice
- 5 Failure
- 5 When requested by a rider rather than attempt the section
- 5 Entering a section before being called upon to do so by an official
- 10 Not attempting a section when called upon to do so by an Official
- 10 For missing a section or failing to have punch card marked.

Graded Hills. Where a Section is to be termed a 'Graded Hill' a notice to that effect must be displayed at the Section Begins, and the following shall apply: Numbered boards must be placed at defined places along the Section, in order that a rider's performance may be determined. Marks will be lost in a decreasing manner from 5 to 0 depending on the distance a rider can traverse the Section without failure. The front wheel spindle is the part of the machine to be used in assessing the distance traversed.

- 0 Clean
- 1 Reaching or passing the "1 Board" without Failure.
- 2 Reaching or passing the "2 Board" without Failure.
- 3 Reaching or passing the "3 Board" without Failure.
- 5 Failure to reach the "3 Board".
- 5 When requested by a rider rather than attempt the section
- 10 Not attempting a Section when called upon to do so by an Official
- 10 For missing a section or failing to have punch card marked.

DEFINITIONS

Clean: A rider traversing a Section as defined above without penalty as described under FOOTING or FAILURE shall be unpenalised and given a "CLEAN".

Footing: Footing will be considered to have occurred if any part of the rider's body or any part of the machine, (with the exception of the tyres or the sump shield) touches the ground or the rider benefit

from any part of their body, or any part of the machine, (with the exception of the tyres or the sump shield) leaning on an obstacle (tree, wall etc.)

Footing outside the lateral limits of a Section does not constitute a failure but should simply be classed as footing.

Failure: A failure is considered to have occurred if:

- a) The machine moves backwards.
- b) The rider does not have both hands on the handlebar WHEN HE FOOTS WHILST STATIONARY.
- c) The engine stops WHILST ANY PART OF THE MACHINE, WITH THE EXCEPTION OF THE TYRES, TOUCHES THE GROUND OR THE RIDER IS FOOTING.
- d) The rider dismounts from the machine. Dismount will be deemed to have occurred when both of the rider's feet are on the ground at the same side of, or behind the machine.
- e) A rider is requested to leave the section by the observer for "unnecessary delay".
- f) A machine does not stay within the intended limits of the section as defined by the Observer.
- g) If any wheel of the machine crosses any boundary tape or goes over or on the wrong side of a marker, whether the wheel be on the ground or airborne, before the front wheel spindle passes the "Section ends" sign.
- h) The rider is held responsible for displacing a marker or support in an observed section whereby the observer considers it necessary to reinstate the flag/marker prior to the passage of the next rider
The displacing of any marking not relating to the competitor's route will be considered to constitute a failure.
- i) Travelling in a forward direction against the direction of the Section.
- j) The motorcycle crosses its own track with either wheel.
- k) The machine or rider receives outside assistance.
- l) A rider or person having an interest in a rider's performance, who in any way alters the severity of a section without the authority of an official.

For all trials other than those for which Championship Regulations apply the organiser may, with the agreement of the Permit Issuing Authority, apply a time limit to each section. The time allowed must be the same for each and every Section and the penalty for a rider not completing the Section within that time would be failure. If a time limit is to be applied to the Sections then this must be clearly stated in the Supplementary Regulations.

B. NON-STOP (SOLO & SIDECAR)

- 0 Clean
- 1 Footing once
- 2 Footing twice
- 3 Footing more than twice
- 5 Failure
- 5 When requested by a rider rather than attempt the section
- 5 Entering a section before being called upon to do so by an official
- 10 Not attempting a section when called upon to do so by an Official
- 10 For missing a section or failing to have punch card marked.

Graded Hills. Where a Section is to be termed a 'Graded Hill' a notice to that effect must be displayed at the Section Begins, and the following shall apply: Numbered boards must be placed at defined places along the Section, in order that a rider's performance may be determined. Marks will be lost in a decreasing manner from 5 to 0 depending on the distance a rider can traverse the Section without failure. The front wheel spindle is the part of the machine to be used in assessing the distance traversed.

- 0 Clean
- 1 Reaching or passing the "1 Board" without Failure.
- 2 Reaching or passing the "2 Board" without Failure.

- 3 Reaching or passing the “3 Board” without Failure.
- 5 Failure to reach the “3 Board”.
- 5 When requested by a rider rather than attempt the section
- 10 Not attempting a Section when called upon to do so by an Official
- 10 For missing a section or failing to have punch card marked.

DEFINITIONS

Clean: A rider traversing a Section as defined above without penalty as described under FOOTING or FAILURE shall be unpenalised and given a “CLEAN”.
